NUMISMATIC BOOKS

Jan. 7, 1925.

Dear Mr. Garrett

I am sending you by express to-day several rare pieces from the Locker-Lampson Coll. a few of which I think may be of interest to you. May I ask that you let me know about these some time next week as I have to return the unsold pieces to London by the 16th. The prices seem rather high on some of them but they are very choice coins. I am sorry to say that the large majority of the important pieces were sold to one European collector. I am also sending a number of other pieces which there is no hurry about.

Yours very truly
Wayte Raymond.

Mr. Wayte Raymond,

Dear Mr. Raymond:-

I am returning nine of
the coins from the Locker-Lampson collection
and have kept three, namely Nos. 135, 248 and 282,
for which I enclose my check. I shall let you
know as soon as I can about the other coins you
have sent me on approval.

Sincerely yours,

Dear Mr. Raymond:-

I am returning eleven of the coins in your last invoice and enclose my check for the seven I have kept.

I shall let you know about the Zodiac Mohr early next week.

You gave me the enclosed history of the Eyainetoy medallion. I should be very much obliged if you would check it up so that I shall have it complete and accurate.

In checking up the duplicates from the Ellsworth collection last year it appeared there were a few pieces you had not returned to me. They are not pieces of great importance, but I should be much obliged if you would check up on them and let me know. They were

March 9, 1925.

Mr. Wayte Raymond,
489 Park Ave.,
New York, N.Y.

Dear Mr. Raymond:-

I am returning all the coins which you have sent me on approval that I do not want and my check for those I am keeping. I shall be so occupied until the end of April that I think it would be best not to send me any more coins until after the first of May as I do not believe I would be able to look at them. Some of the last ones pleased me very much and I am very glad to have added them to my collection.

In regard to two of those that I have kept I should like to ask you to give me some further information. On list "E" No. 2 Valdals, Trasamund. There is such real difficulty in assigning these pieces to Vandals that I should like to have my opinion on them fortified by the judgment of Spink, or whatever authority you may have gotten it from, as well as by your own assurance it is not some other barbaric copy. No. 6 on the same list, Visigoth, Hermenegilde. This is such a very rare and the coins of the Visigoths have been so unfortunately counterfeited that I should like the same sort of information in regard to this one as the one above mentioned. As far as I am able to find out this is not one of the coins that were imitated by Becker, but it would be very satisfactory to me to know in what collections it and the preceding coin has been.

Mr. Simpson would be very glad if you would take the Brunswick coin I showed you the other day at the price you named, namely \$35.00, and in order to avoid the trouble of sending him a check I have paid him that amount and deducted it from my check to you.

Yours very truly,

JWG/S

Dear Mr. Garrett

Thank you for your check.

The returned coins have also arrived safely. The Trasamund piece I bought from Spink and the Visigoth piece came from a Paris ^{dealer}. Of their previous history I cannot inform you but I am quite convinced of their authenticity.

Just at present I have very little of consequence to send you and expect to go abroad on Apr. 25th.

My friend Dr. de Y. recently left with me the very fine gold medallion of Constantine from Vierordt sale no. 2643. Cost him at the sale \$1100 but he cannot afford to keep it. Is willing to sell for \$800. Would you care for the piece at that price?

Yours very truly

Thank you very much.

I returned the other day the

which I am very much obliged.

I think I have the Haitian piece.
If I find it so on my return home
will you take this one back?

If you come across the last
three commemorative half
dollars — Huguenot, Lexington-
Concord & Stone Mt. — in perfect
condition, will you put them aside
for me?

Dear Mr. Barrett

Thank you for your
check to balance account.

If you find you have the Haiti piece
I will be glad to take it back. Will
try and secure the half dollars you
want.

Have you thought any more about
the Saluzzo Coin? I find it is the first
dated coin struck in Italy also the
first large gold coin. Marguerite de
Foix was the second wife of Louis of
Saluzzo, the sister of Gaston de Foix
Duke of Nemours and a grand niece
of Louis XII of France.

Yours very truly
Wayte Raymond.

CHINESE PORTRAIT COINS.

Considerable confusion seems to exist in the minds of our American collectors over the various coins issued by the Republic of China with contemporary portraits. The plate accompanying this article illustrates all the different portraits and the following explanations may be of value to collectors interested in the series.

✓ 1. **Dollar. Portrait of Dr. Sun-Yat-sen.**

This coin comes with two reverses, (a) reading MEMENTO—BIRTH OF REPUBLIC OF CHINA. (b) ✓ THE REPUBLIC OF CHINA—ONE DOLLAR. Also struck in gold. There is a twenty cent piece with the same portrait, reverse legend as type a, also struck in gold.

2. **Dollar. Portrait of Gen. Li Yuan-hung with cap.**

There is a reverse variety of this coin with OE instead of OF.

✓ 3. **Dollar. Portrait of Gen. Li Yuan-hung without cap.**

4. **Dollar. Portrait of Yuan Shih-k'ai in full uniform, plumed hat.**

There are also two varieties of bronze ten cash pieces with same portrait. Some other patterns in gold and silver also exist.

✓ 5. **Dollar. Portrait of Yuan-Shih-k'ai.**

There are also 10, 20 and 50 cent pieces with same portrait. A pattern 10 Dollar piece with similar portrait struck at Tientsin exists and a pattern dollar with bust three quarter facing *l*.

6. **Half Dollar. Portrait of Gen. T'ang Chi-Yao, military governor of Yunnan province.**

✓ There are also 5 and 10 Dollar gold pieces with the same portrait.

The coins illustrated are from the collection of Mr. F. C. C. Boyd of New York.

For a full description of all the coins of the Republic of China see the illustrated article by Dr. Giuseppe Ros in "Journal of the North-China Branch of the Royal Asiatic Society," 1917, Vol. XLVIII.
